Demonstrators at Little Rock to Trial Thurs.

LITTLE ROCK (AP)—Trial of five Negro college students on charges growing out of a lunch counter demonstration against segregation was set today for next Thursday.

Municipal Judge Quinn Glover rejected a request of Harold B. Anderson, the defendant's attorney, that the charges be passed until March 30 or 31.

Prosecutor J. Frank Holt urged an earlier trial.

He said he viewed alleged refusal of the defendants to leave an F. W. Woolworth Co. lunch counter here yesterday "as a deliberate and premeditated act designed to disturb the peace of this community."

Glover said he saw no reason why the trial should not be held next week.

The Negroes face three charges each.

LITTLE ROCK (AP)—Five Negro college students are to be arraigned in municipal court today on charges growing out of a demonstration protesting lunch counter segregation.

More than 50 students took lunch counter seats at a downtown store (Woolworth's), yesterday but only the five refused to leave when asked to by police. Officers promptly took them into custody.

L. C. Bates, Arkansas field secretary for the National Assn. for the Advancement of Colored People, posted bonds of \$100 for each of the five.

The Negroes were charged under two Arkansas laws covering disturbances in places such as stores and restaurants. The laws were designed specifically to halt demonstrations such as protest sit-downs.

Yesterday's demonstration was orderly. Curious whites gathered while the Negroes were in the store but there was no action resembling violence.

It was the first such demonstration in Arkansas. Similar demonstrations have spread across the South since the first one in Greensboro, N.C., Feb. 1.

All of the demonstrators were from Philander Smith College, a Methodist-supported institution. Officials of the school had no comment.

Bates said the demonstration was not organized by the NAACP but the students notified his wife before they invaded the store. Mrs. Daisy Bates is state NAACP president.

"She told them the NAACP was pledged to stand behind them," Bates said, "but to be on their best behavior and to avoid violence."

"All they (the students) are asking for are the rights and privileges guaranteed under the constitution," Mrs. Bates said.

Atty. Gen. Bruce Bennett, a candidate for governor, said in a speech at Ferndale last night that he felt the demonstrations were Communist-inspired.

Rehearing for Rail Official Is Sought

AUSTIN, Tex. (AP)—Attorneys for W. N. Deramus III asked the state Supreme Court Thursday for a rehearing. The president of the Missouri-Kansas-Texas Railroad was sentenced to 240 days in jail and a fine of \$4,000 because his trains blocked a street crossing in front of the Neuhoff Bros. packing plant in Dallas.

On Feb. 24, the state Supreme Court upheld the contempt sentence handed down by Dist. Judge W. L. (Jack) Thornton. However, the court majority commented that Thornton's order was void because there had been no evidence presented of contemptuous disobedience of court order by Deramus. The majority said it was refusing Deramus a Mandamus because the normal procedure is to go to jail, then asked to be freed under a writ of Habeas Corpus.

The motion Thursday said a rehearing is needed because of "public utterances by the respondent Judge, made subsequent to the court's opinion, which show fixed and determined purpose to jail relator notwithstanding the views of this court that the contempt judgment is void for want of evidence and regardless of the presumptions, as stated by the court that a judge will not attempt to enforce a void order and direct confinement thereunder."

4 New Laws Deal With Such Matters

LITTLE ROCK (AP)—Arkansas has four relatively new laws covering incidents such as yesterday's demonstration against lunch counter segregation here.

Five Negroes arrested in the demonstration were charged under two of the laws—Act 14 of 1958 and Act 226 of 1959.

The other laws are Act 17 of 1958 and Act 169 of 1959. Atty. Gen. Bruce Bennett authored all of these except Act 14. Acts 14 and 17 were passed during a special legislative session called to deal with public school integration. The others were enacted during the 1959 regular session.

All four laws cover disturbances in semi-public places, such as stores and restaurants. Acts 14 and 169 declare a person has violated the law who refuses to leave a place of business on request from the management. Acts 17 and 226 are worded almost identically and cover a wide range of public disturbances.

Act 14 provides a penalty of \$50 to \$500 fine and/or imprisonment up to 30 days. Acts 17, 169 and 226 each provide a fine up to \$500 and up to six months in jail.

LITTLE ROCK (AP)—Negroes are staging sit-down demonstrations because it is the only way they can protest the segregation, J. H. Jackson of Chicago, president of the National Baptist Negro convention, said here yesterday.

Jackson addressed a meeting of the Arkansas Christian Movement at a Negro church. He said the demonstrations would not be necessary if southern Negroes could register their protests through the exercise of a free ballot.

The movement adopted a resolution supporting a demonstration staged here yesterday by about 50 students from Philander Smith College. It also adopted resolutions urging passage of strong civil rights legislation and urging Negroes to vote in this summer's primary elections.

Firebug Is Man Mentally Retarded

By JOE BENHAM

AUSTIN, Tex. (AP)—The typical firebug is a mentally retarded man under 35, often under 20, who has been abnormally interested in fires since early childhood, a psychiatrist said Thursday.

Dr. C. J. Ruilman, Texas director of mental health and hospitals, told a state arson conference that people who set fires are not normal.

An arson investigator "can make no greater error" than to attempt to understand the behavior of a suspect in terms of the investigator's own life experience, motivations and goals, Ruilman said.

"It is very easy to fall into the trap of assuming that what seems reasonable or unreasonable to you seems equally reasonable to someone else," he said.

"Almost half of these offenders are mentally defective and 60 per cent fall into the dull-normal range of intelligence or below," he said.

Ruilman said only 17 per cent of the people he described as pathological fire-setters have average or above intelligence.

He defined pathological fire-setters as those who start fires because of mental illness, rather than those who do so for financial gain.

Man Electrocuted
FORT SMITH, Ark. (AP)—Charles A. Dunn, 18, of nearby Hartford, was electrocuted yesterday when he came in contact with a live wire at an abandoned coal mine.

Officers said Dunn had climbed a utility pole at the mine near Midland and was standing with his feet on two transformers when he touched the wire. The shock hurled him to the ground. Dunn was dead on arrival at a Fort Smith hospital.

Atlas Explodes, Streak Is Ended

CAPE CANAVERAL, Fla. (AP)—The explosion of an Atlas missile has ended one of the most amazing success streaks in U. S. rocket history.

The Atlas blew apart in an attempt Thursday night to launch it on a 5,000-mile flight, shattering a string of 21 straight good shots for this intercontinental range missile.

The 85-foot giant rose only a few feet from its pad when it toppled over and was ripped by tons of exploding fuel.

There was no immediate estimate of damage to the pad and no explanation for the spectacular blowup.

Mrs. Emma Glass, aged 79, wife of J. M. Glass of near Rosston, died at a Prescott hospital Wednesday.

She is also survived by four sons, Henry, George and Earl Glass of Rosston; Frank Glass of Waldo; two daughters, Mrs. Cuo Aslin of Fort Worth, Texas; and Mrs. Bada Mathis of Cale; a half brother, Jim Matthews of Hope; three half sisters, Mrs. L. C. Glass of Prescott, Mrs. Liddie Kelly of Stamps and Mrs. Ora Kelly of Lewisville.

Funeral services were to be held today at the Caney Baptist Church by the Rev. Raymond Hicks. Burial in Caney Cemetery.

Telephone Bomb Threat at L. R.

LITTLE ROCK (AP)—A telephone bomb threat caused evacuation of Catholic High School here yesterday.

Police searched the building but found no bomb. Mrs. Fred Woeltje, a secretary, said the call came about 2:40 p.m. from a man. Catholic's 300 students were sent home for the day.

New Welfare Plan Proposed to Aid Hospital

LITTLE ROCK (AP)—A new Welfare Department patient plan that would give the University Medical Center an additional \$400,000 annually was announced today.

The plan provides an outpatient clinic at the Medical Center for welfare clients.

Gov. Orval E. Faubus and Welfare Commissioner Carl Adams made the announcement jointly.

The plan replaces a former Welfare Department program at the Center. Last year the Department dropped the program, saying similar outpatient services would have to be established in hospitals throughout the state if the one at the Center was retained.

Faubus and Adams said weeks of work went into the new plan. They said the climax occurred yesterday when approval was obtained from the federal government, the Arkansas Hospital Assn. and a committee of the Arkansas Medical Society.

Under the plan, the Center would get extra state money and federal matching funds.

Adams said the clinic plan for the Center is a different deal from the Welfare Department hospitalization program. The latter program spends about five million dollars in state and federal money each year and the Medical Center gets about \$750,000 of this amount.

Adams said about \$100,000 in state money will go into the new plan. When this is matched with federal funds, the Center would amass \$400,000 a year.

Under the old outpatient plan, the state furnished one million dollars. This was matched with another million in federal money. But the Medical Center did not receive enough qualified welfare patients to use all of the federal aid.

The federal government placed some restrictions on the new plan, including a requirement that it must be used only for welfare patients and their families who can qualify under Welfare Department rules.

The Arkansas Hospital Assn. had to agree that its members would not demand participation in the new program. And the Medical Society had to agree to urge its members to co-operate, because they refer patients to the Medical Center through county welfare offices.

Asked where the Welfare Department would get the state's share of the funds for the new plan, Adams said it would come from the regular \$14,900,000 state welfare appropriation.

Farmers Start Soil, Water Practices

Farmers in Hempstead County applying Soil and Water Conservation Practices this week are: Floyd Fuller, B. W. Edwards and T. B. Bobo, each did 20 acres of Timber Stand Improvement.

Bill Routon finished his tree planting. Mrs. O. A. Graves has started planting 50 acres of trees. W. L. Taylor has started inter-planting pine on 20 acres.

C. J. Rowe is preparing to plant some Coastal Bermuda Grass for pasture.

Harold Stephens and B. Stanley each have ask for assistance in selecting trees to be removed for a thinning of this timber.

Work Unit Conservationist, George F. Brown, and Conservation Aid, Herbert Greenhaw, will assist these farmers in selecting the most undesirable trees.

W. B. Porterfield was applying nitrate of soda to his oats and wheat. The land is so wet this had to be done by hand.

Dr. G. D. Royston will start preparation of land for alfalfa, to be irrigated from two irrigation ditches he has constructed.

According to Conservation needs, Hempstead County has a greater need for pasture grass establishment than any other one.

U.S. Launches Missile Toward Orbit of Sun, Success Is Indicated

Midwest, South Again Struck by Snowstorms

By THE ASSOCIATED PRESS

More snow and ice storms today swept across sections of the winter-weary Midwest and South, hitting areas still staggering from crippling weather earlier this week.

Meanwhile, in the snowbound mountain regions of northwest North Carolina, the Army, National Guard and the Red Cross joined forces to effect the rescue of and give relief to more than 500 marooned families. Snow depths were 2-3 feet, with drifts up to 35 feet, in four counties hit hard by earlier storms. More snow was in sight.

The fresh late winter storm, erupting in the western Plains, dumped 2 to 4 inches of snow Minnesota southward through the from the northern Dakotas and Lower Mississippi Valley before shifting slowly eastward.

The recent heavy snowfalls and continued cold weather have left a heavy snow blanket in the north central region. The covering in Omaha was two feet and more than a foot in most of Iowa and Missouri.

Snow fell as far south as northwestern Arkansas before spreading northward into the Lower Ohio Valley.

Heaviest falls were in southeast Missouri, extreme southern Illinois and extreme western Kentucky and Tennessee. Most of the areas still were digging out from the previous storm, one of the most severe in years in some sections and Kentucky's worst in history.

Freezing drizzle slicked snow-covered highways in eastern Oklahoma and western Arkansas and snow, sleet or freezing rain pelted western Kentucky and parts of Tennessee.

Heavy snow also covered western Missouri and northeast Kansas.

The Weather Bureau said the snow belt will extend eastward over much of Wisconsin and Illinois and sections of Indiana and Ohio. A mixture of rain, sleet and snow will cover areas from Kentucky and Tennessee southward over the Gulf states and eastward into the South Atlantic states.

Skies were clear in the Northeast but it still had temperatures edged near zero in New England.

The effects of the storm that whipped areas from Missouri and Iowa to the Atlantic Coast Tuesday and Wednesday still were felt in many areas, especially in the South. Schools remained closed, roads were blocked and some towns were isolated. At least 32 deaths were attributed to the storm.

Rescuers Are Thwarted by Slate in Mine

By JACK WHITE

LOGAN, W. Va. (AP)—Rescue workers, stymied momentarily by thick, blinding smoke, today hauled pipes and wooden planks into the mine where 18 men have been trapped for more than four days by fire and rock slides.

State Mines Director Crawford L. Wilson said the pipes and planks would be used to rig a makeshift ventilating system to clear the air and permit the rescue teams to battle on the remaining 1,200 or so feet to the spot where the marooned miners are believed to be.

There has been no word from the 18 since noon Tuesday, when a telephone connection between them and the outside was broken. Wilson said he hoped to have the ventilating system rigged by noon and to start flushing the air by early afternoon.

He said the fact that the air in the mine was not ventilating normally offered promise that the stranded men had rigged a bulkhead and could be safe from the stifling smoke and deadly carbon monoxide that has plagued rescue workers.

With each anxious hour, hope gave way to uncertainty. And uncertainty yielded to the dismal reality that "time is running out."

Those were Wilson's words, Thursday night after a six-hour inspection of the shaft and the tunnel where the tense drama is being waged.

Scientists Hope Valuable Data Will Be Gained

CAPE CANAVERAL, Fla. (AP)—The United States launched a space probe toward an orbit around the sun today with indications of success in the early stages of the flight.

Ten minutes after the launching of the great Thor-Able rocket from this missile test center it was announced that all three stages of its 165,000-pound thrust engines fired successfully.

Then in another 10 minutes scientists reported that ground stations were tracking the probe normally.

The National Aeronautics and Space Administration said all stations were receiving clear signals from the probe as it winged through space. It said the main station at Jodrell Bank at Manchester, England, had received a "very good signal."

A space agency official in Washington said at 8:25 a. m. EST that "things look real good" for success of the probe. He reported that tracking stations at Cape Canaveral, Blossom Point, Md., and Millstone Hill, N.H., had picked up the probe as expected if the shot were going according to plan.

It may be two or three hours before it can be determined whether the rocket was on its intended course for an endless journey through space.

Weighing 90 pounds, the payload-carrying Pioneer V-2 is designed to make the most exhaustive study of space ever attempted. It would conduct research while whirling around the sun, alternately touching the orbital paths of the earth and Venus.

Driven by the 165,000 pounds of thrust generated by its liquid-fuel engine, the 90 foot Thor-Able rose smoothly from its pad.

After about 40 seconds it arched high in the sky and darted in and out of several low-hanging clouds as it streaked toward the southeast.

The launching was scheduled for Thursday but was postponed 24 hours because of fueling difficulties. The count proceeded perfectly today, and the rocket lifted off right on schedule.

The instruments aboard were designed to relay findings back to earth through a powerful radio transmitter capable of sending signals from 50 million miles in space. This is more than 100 times the range of any previous space messenger, American or Soviet, and could pave the way for future interplanetary communication.

Instruments in the package were to measure radiation, gases, magnetic fields, micrometeorites, and temperatures in the far reaches of the solar system. The data is required before man can make long trips into space.

Although today's shot has been widely called a "Venus probe," it would not come within several million miles of that planet in the foreseeable future. However, it was designed to explore conditions in the orbital path of Venus.

Testimony in Buck Case Continues

LITTLE ROCK (AP)—Defense testimony continued today in the trial of Houston Presley Buck, 25, charged with fatally beating his infant daughter.

The state, which is not seeking the death penalty, rested its case yesterday.

Buck's stepmother, Mrs. C. E. Buck, and his brother, Homer Buck, testified yesterday they thought the defendant was insane. State Hospital doctors testified for the state that they found Buck without psychosis.

Buck's attorneys contend their client was not responsible for his actions because of mental illness.

Princess in Japan Weds a Bank Clerk

By KENNETH ISHII

TOKYO (AP)—Emperor Hirohito's youngest daughter exchanged her imperial title and the seal of the Japanese court today for a \$50-a-month bank clerk and the life of a housewife.

Pretty, vivacious Princess Suen was married to 25-year-old Hisanaga Shimazu, son of a former courtier, in a Shinto ceremony attended only by the two families, including the Emperor and Empress.

Suga, who is 21, told a televised news conference after the ceremony that, like any other housewife, she will cook and keep the household accounts at their new \$1,000 home in a Tokyo suburb.

Hisanaga said he would continue to open his pay envelope, and the ex-princess concurred with, "I guess that's all right for the time being, anyway."

His monthly pay from the Japan Import-Export Bank will be supplemented by the income from her \$41,000 cash dowry, which the couple plan to invest.

They will pay a May honeymoon visit to the home of Hisanaga's ancestors in Miyazaki, southern Japan. He said they would like to take a trip abroad but "it seems impossible."

Neuberger's Widow to Succeed Him

PORTLAND, Ore. (AP)—Democrats had high hopes today that Sen. Richard Neuberger's widow would succeed him in the Senate.

Mrs. Neuberger said she would accept an appointment to complete her husband's unexpired term. She said she was undecided whether to seek a full six-year term.

But two leading Democrats said they had talked with Mrs. Neuberger and were confident she would seek the Democratic senatorial nomination in the May primary. The deadline for filing is 5 p.m. Friday.

Neuberger, 47, died Wednesday a few hours after suffering a cerebral hemorrhage.

The executive board of the Oregon Democratic Central Committee voted unanimously Wednesday night to ask Republican Gov. Mark Hatfield to appoint Mrs. Neuberger to serve out the senator's term. Hatfield had no comment.

Under Oregon law the governor must appoint a Democrat to succeed Neuberger.

There has been speculation that several Democrats would enter the primary for the Senate seat. One of those mentioned was Rep. Charles Porter. But Porter said Wednesday night, "I am confident Maudine Neuberger will file. I would not expect anyone to oppose her."

Mrs. Neuberger once served in the Oregon House.

State Gets a Promise of More Cold

By THE ASSOCIATED PRESS

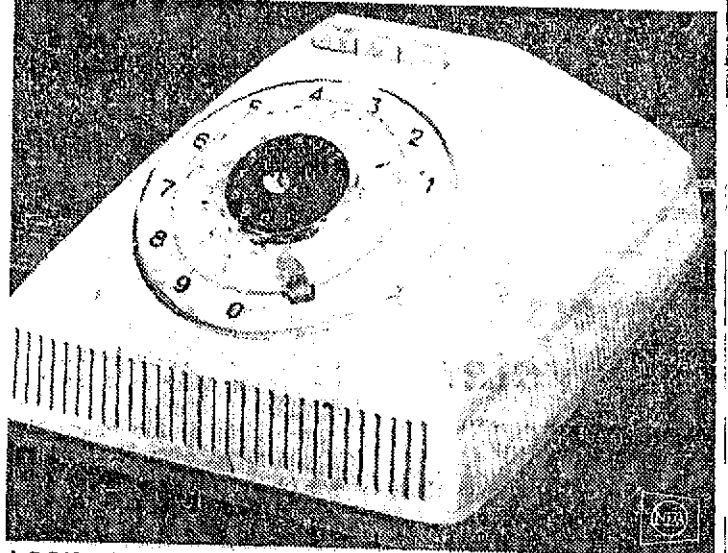

Arkansas got a promise today of more cold weather but the weatherman did not foresee another round of snow.

The northern part of the state caught a snowfall yesterday and last night, with depths up to three inches.

Sleet and freezing rain also hit some areas of the north.

Highs today are expected to range from the mid 30s to mid 40s. The mercury is due to fall sharply tonight, and lows of 15 to 25 in north Arkansas and 25 to 30 elsewhere are in the outlook.

The Highway Department said Highway 7 south of Jasper was closed. Some other highways in north Arkansas were described as hazardous. About half the rural schools in the Jonesboro area

closed today because of bad weather but Jonesboro schools opened.

The fresh snowfall was confined to upper Arkansas.

All other sections of the state reported some precipitation in the 24-hour period which ended at 6 a.m. today.

Snow depths, including old and new snow, ranged from one-half inch at Newport to an estimated five inches at Corning and Poca-hontas.

Maximum temperatures yesterday ranged from 31 at Newport to

48 at Pine Bluff.

An Air Force hospital plane skidded off an icy runway into a field at the Springdale airport yesterday. None of the 14 persons aboard was injured.

The plane was scheduled to land at Fayetteville to pick up a pa-

Damage to the plane was slight.

Child Dies From Flash Fire Burns

PARAGOULD, Ark. (AP)—A flash fire in a service station last night burned one child fatally and injured another child seriously. Two adults also suffered burns.

Authorities said the fire apparently started when a carelessly thrown match ignited kerosene which had been spilled in the station office.

Richard Searies, 6, was burned fatally. His brother, Archie Searies, 3, had serious leg burns.

The boys' father, Clarence Searies, and a station attendant, Beryl Whitney, were treated for minor burns.

Richard died at a Paragould hospital early today. His brother was in fair condition at the hospital.

The office was gutted by the fire.

Hypnosis Is Not Regulated by Law

LITTLE ROCK (AP) — Use of

clinical or experimental hypnosis is not regulated by state attorney general's office today.

In an opinion written by Grinnell Jones, superintendent of the State Hospital, Ass. Atty. Gen. Reed said the courts never ruled on the question whether hypnosis constitutes a type of medicine.

Jones said some doctors who are concerned about possible harmful effects from use of hypnosis on unqualified persons.

Rescued Russian Sailors All Smiles

ROCHESTER, N.Y. (AP) — Four Soviet sailors, longed for when rescued after drifting 49 days in the Pacific and almost starving to death, are sporting American-style crew cuts, beards and happy smiles.

The U.S. Aircraft Carrier Keats picked up the famished men in a Surov from their 50-foot inflatable boat which had drifted 1,000 miles into the Pacific from Pribilof Island in the Kuro.

They had only some vodka, three cans of beef and a half of bread during their ordeal, plus what can water they could find. They ate shoe leather in the jungle, they said. Each lost about 25 to 40 pounds.

After a feast of pancakes and milk yesterday, one of the men, 2nd Lt. Anatole Fedorovich Krasovskiy, 20, demonstrated how much weight he had lost. He had to stretch his uniform belt eight inches to fit.

The U.S. government has been notified of the rescue. The Keats is carrying them to San Francisco and is expected to arrive there about March 14.

Spa TV Station on Air May 1

HOPE, Ark. (AP) — KATV-TV, the Springs' first television station, expects to be on the air May 1.

A building permit for studio and a transmitter building was issued Monday night by the City Council.

The station, on Channel 9, will be owned by the Southwestern Broadcasting Co. of Fort Smith, Ark., and will be operated by the city.

Robert and John Watt of Fort Smith will manage the station.

Semifinals in Women's AAU Playoff

ARKADELPHIA, Ark. (AP) — Retail Merchants, the defending champion, meets Wonder State Egg Co. tonight in the semifinals of the Women's AAU state basketball tournament. Both teams play out of Little Rock.

Two college teams — Ouachita and Arkansas Tech — collide in the other semifinals.

Wonder State eliminated the Pine Bluff Al-Ettes 69-39 and Ouachita ousted Stuttgart 69-39 in quarterfinals last night.

Hollywood Is Discovering a New Talent

By BOB THOMAS

HOLLYWOOD (AP) — A plump Polynesian-looking girl steps before the microphone in a noisy Sunset Strip night club. She starts singing standard pop songs in a mellow, warm voice.

She doesn't sell her songs. She doesn't use sex appeal. She shuns the usual tricks of night club singers, using only her voice and her fluent manner with a melody. The technique works. The revelers give quiet attention to the accomplished singer.

Thus Hollywood is discovering the talents of Mavis Rivers. No doubt there will be those who will acclaim her as an overnight sensation. This may evoke pride, but also an amused smile from Mavis. For, like all overnight successes in show business, hers was accomplished after long hard years of work and training.

The years began in British Samoa, where Mavis was born of Samoan, English, Chinese, German, Swiss and French ancestry. The South Sea life was easy, she recalls, full of good song and good food.

"I began singing as early as I can remember," she said. Mavis began her professional career at 11. Her father had a band that entertained at bases and on ships. She went along as vocalist. At that time she patterned her style after the pop favorites of the day—Dinah Shore and Margaret Whiting.

"After the war, my family moved to New Zealand, and that's when I got my best training," she recalled. "I was singing on radio and in all kinds of places. My influences were getting more progressive — June Christy and others."

Mavis' grandfather founded the Mormon church in Samoa, and she was offered a scholarship to Brigham Young University in Provo, Utah.

She later worked as a secretary in Los Angeles and sang nights with a Hawaiian quartet. She married one of the members, David Catinguib, and they have a son, 4. Mavis might have continued on the fringes of show business except for a wealthy couple who heard her records in the islands. When they discovered her here, they arranged for a manager and financed audition records.

Capitol Records receives a couple thousand audition discs per year and selects one or two for release. Mavis won against the odds. Her first two albums have been distinguished not so much by large sales as by the enthusiasm of those who discover her.

She has a rare way with a song reminiscent of Ella Fitzgerald.

Victims Request Sentence Suspension

LITTLE ROCK (AP) — A man charged with robbing a theater and a grocery store drew a 21-year prison term in Pulaski Circuit Court yesterday but the sentence was suspended at the request of his victims.

Franklin Williams, 33, had pleaded guilty to robbing a Safeway store here of \$201 on Jan. 11 and to the \$70 robbery of a North Little Rock theater last December.

Officials of the store and theater recommended leniency. Judge William J. Kirby meted out two 21-year sentences and then suspended them on condition

Hope Star SPORTS

Forrest City Team to Beat in State Tourney

BLITHEVILLE, Ark. (AP) — Donnie Kessinger, who has become a figure in the Class AAA-AA state basketball tournament, leads Forrest City Mustangs into the semifinals against Little Rock Catholic High tonight.

Little Rock Central meets Leachville in the other semifinal.

Kessinger, a 6-4 senior star in four sports, set a tournament individual scoring record for the second straight night with 42 points as Forrest City blitzed Jonesboro 88-49 in the quarterfinals last night. He scored 33 as the Mustangs eclipsed top-seeded

north Little Rock 55-52 in the first round.

Central bounce once seeded Blitheville 49-41, Catholic eliminated defending champion Fort Smith 41-28 and fourth-seeded Leachville came from behind to trip Harrison 64-58 in other quarterfinal matches.

Forrest City was firmly in charge of Jonesboro all the way. It seemed the Mustangs had got this same team beat them in the semifinals of the Region 2AA tournament, forcing Forrest City to win consolation game to reach the state tournament at all.

Kessinger tallied 21 points in the final quarter as fans shouted "Shoot, shoot, shoot." He sank baskets from 20 feet out, drove in for layups and tipped in missed shots in running up the record total.

Central clogged up the middle and forced Blitheville to shoot from outside. Normally the Chicks can hit from anywhere, but they were cold yesterday and Central took full advantage of it. Keller Alexander and Claude Fulton scored 15 points each for the Tiges. Red Cobb led Blitheville with 14.

Campaign Goes on in Wisconsin

LACROSSE, Wis. (AP) — The Wisconsin campaign trail continued to be a well-beaten path today for Democratic candidates for the presidential nomination and their supporters.

Sen. John F. Kennedy (D-Mass.) left the state at midnight to return to Washington but left his wife, Jackie, and brother, Ted, to speak for him.

Sen. Hubert H. Humphrey (D-Minn.) Kennedy's opponent in the April 5 Wisconsin presidential primary, prepared to fly to this state for another extensive speaking engagement.

Both hope to get the 31 votes that will be cast by Wisconsin delegates to the National Democratic Convention this summer.

Kennedy wound up a busy day in Wisconsin with a speech before about 2,500 enthusiastic supporters here Wednesday night with a declaration that the "Democrats can do the job that must be done" better than the Republicans.

Humphrey plans to attend meetings Saturday in southeastern Wisconsin, and on Sunday will speak at Rhineland. Monday and Tuesday were set aside for campaigning in Milwaukee and southeastern Wisconsin areas.

Sales Executives Plan Conference

LITTLE ROCK (AP) — More than 400 businessmen from six states are expected here for the 30th annual Southwest Sales Executive Conference, which opens a three-day run tonight.

Speakers will include Gov. Orval E. Faubus.

Delegates have registered from Arkansas, Texas, Oklahoma, Tennessee, Louisiana and New Mexico.

Permission Asked to Sell Water Line

LITTLE ROCK (AP) — Permission to sell a water transmission line to the cities of Searcy, Judsonia and Bald Knob was asked of the state Public Service Commission yesterday by the White County Pipe Line Corp.
The application said all three cities approved sale of the line which supplies water from a reservoir on the Little Red River.

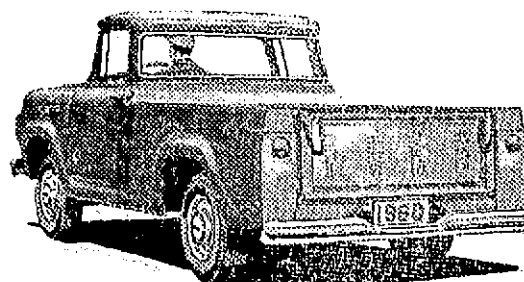

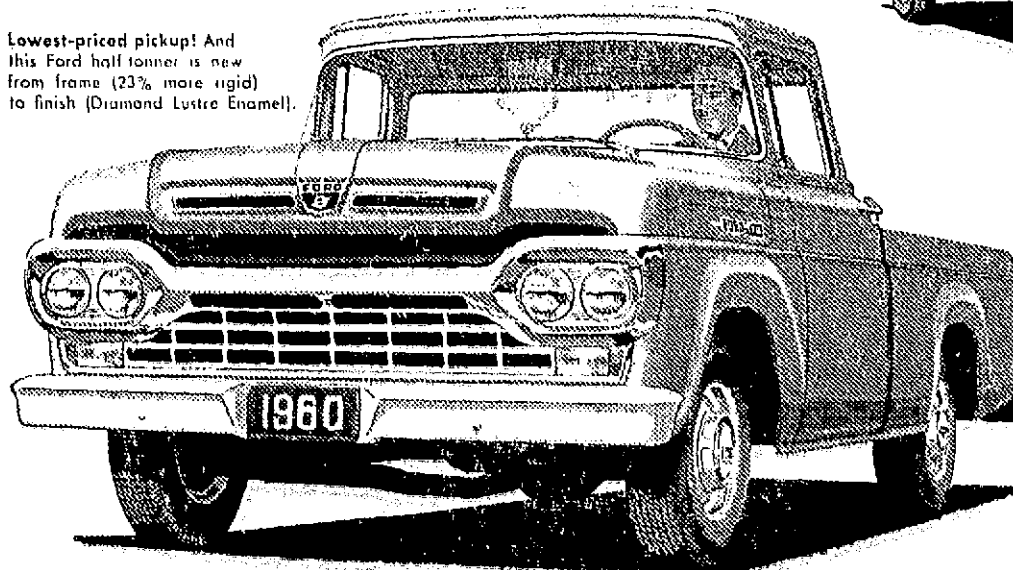

We wish to express our appreciation to our friends and neighbors who brought food and showed kindness during our bereavement.
Also we thank Dr. Branch and the wonderful staff of nurses at the Branch Annex.

than the other four
leading makes!*

Lowest-priced pickup! And this Ford half-toner is new from frame (23% more rigid) to finish (Diamond Lustre Enamel).

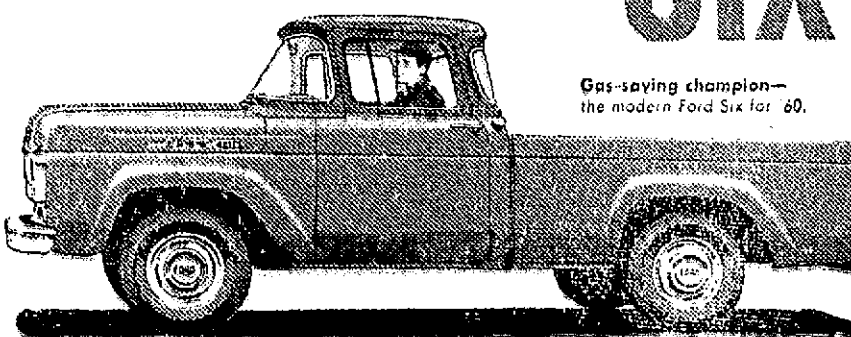

And your savings continue mile after mile! New brake linings, for instance, last up to 13% longer. New oil filter has 20% increase in efficiency.

1960 FORD SIX

Gas-saving champion—the modern Ford Six for '60.

The only pickup with
Certified Economy

Never before such clear-cut savings. Savings that are certified in tests by independent experts!

Certified gas savings! Ford Sixes delivered top gas economy—a whopping 25.2¢ more miles per gallon than the average of all other makes—in Economy Showdown U.S.A.

Certified durability! Tests showed, for

example, that with Ford's truck-type front suspension, front tires last over twice as long as on pickups and trucks now using a "soft type" front suspension.

These test results—and many more—are in our Certified Economy Book. See how a '60 Ford saves for you—starting with the lowest prices of all Light and Medium Duty trucks!

LEHMAN'S

Offers This Advice To All Women
Who Have Had This Experience—

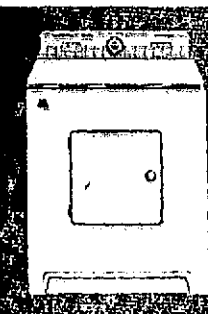

Remember? The weather forecast was sort of uncertain, but it looked so nice when you finished breakfast you decided to wash anyway. And by the time the clothes were ready for the line, brother, there it was; rain, a cold wet river of rain, or maybe it was driving snow with flakes big as a quarter and the temperature dropping below freezing. And all you could do was watch in helpless frustration, temper rising, with a shapeless lump of wet clothes in a basket for company and consolation.

It's happened before; it will happen again and again. Our advice; save wear and tear on your disposition, save yourself all the work and worry of line drying simply by making your own ideal drying weather in a new Maytag Halo-of-Heat Dryer.

MAYTAG Halo-of-Heat DRYER

dries clothes in minutes... in dust-free air... safe as sunshine... low in cost —

and here are some of the wonderful MAYTAG features:

WASH 'N' WEAR
AUTOMATIC DE-WRINKING at the push of a button. Special "Wash 'n' Wear" setting removes wear wrinkles, saves ironing.

CLOTHES SPRINKLER
dampens clothes automatically while the drum is rotating. Eliminates excessive hand-dampening, dampens quickly, evenly for easier ironing.

EXCLUSIVE! DRYER CABINET — Unique reverse air flow keeps all heat inside. Dryer cabinet stays cool without insulation. Air in dryer changes every 2 seconds.

AN AUTOMATIC CHIME — Signal is provided to indicate exactly when "Wash 'n' Wear" articles should be removed.

\$199⁹⁵

also • Special Air Fluff Setting • Automatic Time and Temp Controls • Safety Door

GAS DRYER *Price includes Installation Venting, Delivery & Warranty! (ELECTRIC DRYERS ALSO AVAILABLE)
